

Looking for local health statistics?

We have you covered. And it's FREE!

HARC is a nonprofit that provides data for the Coachella Valley community at no charge – data that can help you with grant writing, research, developing programs, changing policy – the list is endless.

A vast range of topics include:

- Healthcare access and utilization
- Health behaviors
- Health screenings
- Major disease
- Mental health...and more!

Check out HARC's written reports, infographics, and searchable database:
