The Organization is a not-for-profit corporation that is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3), and from California franchise taxes under related state tax regulations and classified by the Internal Revenue Service as other than a private foundation. NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Net Assets

The Organization is required to report information regarding its financial position and activities in three classes of net assets in accordance with generally accepted accounting principles; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Contributions are recognized when the donor makes a promise to give to the Organization, that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. At June 30, 2011 and 2010, there were no temporarily or permanently restricted net assets.

Reclassifications

Certain reclassifications have been made to the 2010 amounts in order to conform to the 2011 presentation

4. INVESTMENTS

Fair Value Hierarchy

The Organization applies Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis.

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

HARC, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011 AND 2010

4. INVESTMENTS – (continued)

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. At June 30, 2011 and 2010, all certificates of deposit are measured at fair value on a recurring basis and were valued at Level 1 inputs (quoted prices in active markets for identical assets).
